

17-Sep-98 DRAFT

	State Code	Collect Data	# EMs	Elect	Std PCR	Use Scan	Pen-Bas	Real	Upload	Adopt NHTSA	Linked DB	Prob Lk Applic	Comments
1	AL	Y	750,000	Y	Y	Y	Y		Y				WESTECH Automatch-NHTSA Use Pen-based system , but is still trial stage
2	AK	Y	30,000	Y	Y				Y	Y	Y	Y	CALES
3	AZ												
4	AR	Y	300,000	Y	Y	Y	Y		Y	Y			Use NHTSA Incorp to a form
5	CO												
6	CT		350,000										Solutions 2000 Trying to put together 4th data system
7	DE												
8	DC												
9	FL												
10	GA												
11	HI	Y	70,000			Y		Y					Currently in process of setting up data collection system
12	ID	Y			Y	Y	Y						EMS Data Systems
13	IL	Y	500,000	Y	Y	Y	Y						Have not adopted NHTSA dataset, have own data set with is similar
14	IN												
15	IA	Y	300,000	Y									FOXpro
16	KS		205,000	Y									Program was develop by Visionary services Did not provide CPU's No form is used. All data is collected electronically.
17	KY	Y	600,000	Y	Y		Y						CODES CALES
18	LA		730,000										In process of trying to get highway traffic safety money to do data colection project
19	ME	Y				Y							One region reports the data electronically, the rest of the data is hand entered. Lok to 2004 date.
20	MD	Y				Y	Y		Y				State of MA does not collect data , all eval of statewide is predicated on NHTSA data set.
21	MA		700,000						Y				Kalamazoo rec;d money to use CALES program, State of MN does not do data collection
22	MI												
23	MN												
24	MS												
25	MO												
26	MT												
27	NE	Y	109,000	Y	Y								Use NARSIS forms Convert to Ascii form for export. AMR in Placer county is using similar system.
28	NV	Y	135,000	Y		Y			Y				Access 97
29	NH	Y	90,000			Y			Y				Will adopt NHTSA dataset. Ultimately heading to IN submission of data. Will guarantee 100% compatibility with NFIRS
30	NJ												
31	NM	Y	300,000	Y	Y					Y	Y	Not useful	Lotus Notes Just completed data collection on IN using Lotus notes. Bought a huge server and will give share ware to all proivder who want it. Are putting in ICD-9 codes. Cost \$250k
